Forecasted Inventory Program

Spring/Summer 1997

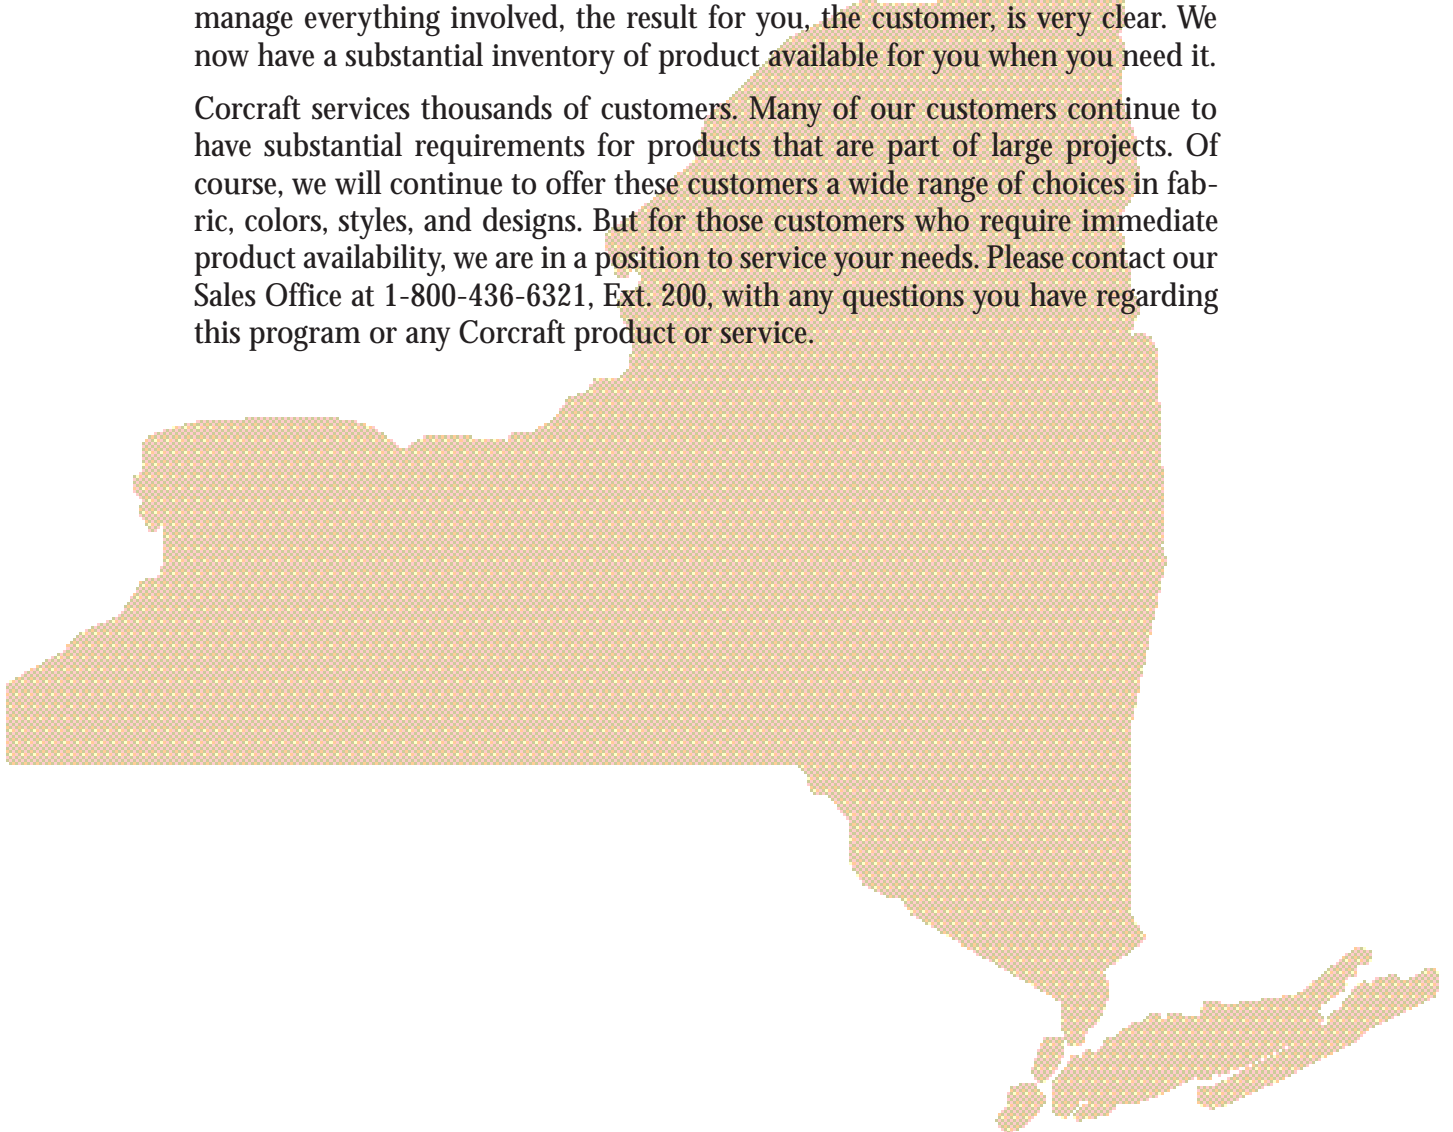

Products
of
Pride

OUR CUSTOMERS have told us that it takes too long to get products from us. In order to reduce the time from receipt of an order to when we ship to you, we have taken a number of steps including negotiation of supplier contracts with shorter lead times, acquisition of state-of-the-art manufacturing equipment, changes in our manufacturing methods, and a host of other improvements in the way we operate.

One major change will dramatically reduce the time it takes for you, our customer, to acquire standard Corcraft products. After careful review of the sales history of the hundreds of products we offer, we began to forecast our customer requirements over six months ago. The approach is a simple one—produce the products that customers want, put them into inventory, and ship directly to a customer upon receipt of order. While it sounds much simpler than it really is to manage everything involved, the result for you, the customer, is very clear. We now have a substantial inventory of product available for you when you need it.

Corcraft services thousands of customers. Many of our customers continue to have substantial requirements for products that are part of large projects. Of course, we will continue to offer these customers a wide range of choices in fabric, colors, styles, and designs. But for those customers who require immediate product availability, we are in a position to service your needs. Please contact our Sales Office at 1-800-436-6321, Ext. 200, with any questions you have regarding this program or any Corcraft product or service.

SPECTRA SEATING GROUP

Frame: Chromed tubular steel.

Seat: Polyether foam on plycurve, upholstered.

Back: Polyether foam on plycurve, upholstered.

Arm: Padded armrest, upholstered.

CLASSICLINE® TASK SERIES

This product line meets or exceeds the seating standards as required under the N.Y.S. Policy on Ergonomics for VDT Workstations.

Seat:

- 17½" D X 18" W
- Molded plastic charblack shell.
- Seven layer ¾" molded plywood with 1½" thick methane foam (meets California Code 117).
- Waterfall contour seat front.

Back:

- Contoured 1½" thick urethane for lumbar support (California Code 117).
- Sizes:
Medium: 15"W X 13"H (2102/2105)
Large: 15½"W X 19½"H (2103)

Armrest:

- Closed "D-Ring," Solid ABS.
- Charblack color.
- Adds 6" to chair seat height range.

Base:

- Five leg 26" diameter with steel collar reinforcement.
- Casters are "universal" soft urethane type. Can be used on hard or carpeted surfaces. Charblack color.
- Casters are "locking/braking" style. Will not roll easily unless there is 70 pounds of pressure on them.

Chair Controls:

- Backrest angle and seat inclination move by separate controls.
- Backrest height adjusts 4".
- Seat height adjusts 6" using pneumatic cylinder (16"-22" range).
- Backrest angle adjusts using pneumatic cylinder.

FLOOR CARE PRODUCTS

Floor Stripper (Nonammoniated)

- Does *not* contain Phosphates, Butyl Cellosolve, or Ammonia. It quickly and completely strips polymer floor finishes to prepare the floor's surface for the application of Corcraft Floor Finish.
- For normal applications, dilute ten parts water to one part Stripper.

Floor Finish (Original Formula U035585)

- High gloss, wear and slip resistant.
- Zinc cross-link, acrylic polymer emulsion and 20 percent solids.

- For best results, use Corcraft Floor Sealer prior to applying the floor finish.
- Specially formulated to yield high gloss without the necessity of buffing.
- May be buffed at low speeds (up to 500 RPM) using polishing pads (white).

Floor Finish: Buffable (U035586)

- High gloss, low maintenance, wear and slip resistant.
- Zinc cross-link, acrylic polymer emulsion and 20 percent solids.

- Responds well to buffing (up to 2000 RPM) with standard buffing pads.
- Specially formulated for moderate to heavy traffic areas where buffing is the preferred method of maintenance.

Floor Sealer

- For use as preapplication before Corcraft Floor Finish.
- Prior to first application, thoroughly strip the floor with Corcraft Floor Stripper.
- Zinc cross-link, acrylic polymer emulsion and 17-18 percent solids.

CLEANING PRODUCTS

Full Strength Liquid Cleaner-Degreaser

- Ideal when used full strength for surfaces subjected to heavy buildups of greasy soil. Dilute for general purpose cleaning.
- Does *not* contain Phosphates or Butyl Cellosolve.

Glass Cleaner

- A nonstreaking formula used to clean all glass surfaces.
- Also used as an effective general cleaning solution on chrome, stainless steel, ceramic tile or porcelain.

PERSONAL CARE PRODUCTS

Liquid Soap

- For household or commercial use.
- Basically a hand soap, but useful for other general cleaning purposes.
- Concentration of potassium in water-15 percent concentration.
